

## Torture by Chinese Reds Described by Missionary

HONG KONG — Dr. Homer Bradshaw, of New York City, said today Communist "bandits" kidnapped him from his Chinese hospital in 1951 and held him prisoner for more than four years before charging him with "spying."

The American missionary was barely able to walk when he and his wife reached freedom here today, but after a few hours' rest he was able to talk to newsmen. Mrs. Bradshaw, whose brain gave way under the strain of Communist captivity, was unable to leave her bed at St. Theresa's Hospital.

A U. S. Air Force ambulance plane will fly the couple to the Philippines as soon as Mrs. Bradshaw is able to stand the trip — perhaps tomorrow. Her husband said they plan to go to the home of his wife's family in Pittsburgh.

BRADSHAW SAID he was brutally mistreated by his captors during the early days of his imprisonment but that they were kinder later on.

## Martin Predicts President Will Seek Reelection

WASHINGTON — House Republican Leader Joseph W. Martin Jr. has predicted in some of the strongest terms so far that President Eisenhower will run again.

The Massachusetts Republican said he is convinced Mr. Eisenhower will get a "certificate of health" from his physicians and will be reelected next fall.

"He will not fail his country when they call upon him," he said last night in an interview on the Mutual Broadcasting System radio program "Reporters Roundup."

OTHER POLITICAL developments:

1. Sen. Walter F. George (D-Ga.), 77-year-old dean of the Senate, announced he will run for a seventh term. The veteran chairman of the Senate Foreign Relations Committee is certain to be opposed hotly for the nomination by 42-year-old former Gov. Herman Talmadge of Georgia. George said at a press conference at his home in Vienna, Georgia: "I'm feeling fine."

2. Sen. Estes Kefauver (D-Tenn.) is understood to have decided to challenge Adlai E. Stevenson in Florida's Democratic presidential primary May 29. Kefauver already announced he will enter primaries in New Hampshire March 13 and California June 5. Stevenson also will enter the California contest.

3. THE DEMOCRATIC Digest, monthly publication of the Democratic National Committee, said President Eisenhower's heart attack has plunged the Republican party "into the churning waters of factional warfare." The magazine predicted without elaboration the "return to the political battles" of former Gov. Thomas E. Dewey of New York.

FRANCIS CARDINAL Spellman arrived in Japan on his fifth consecutive Christmas trip to the Orient today.

## Cardinal's First Mission Sad One

TOKYO — Francis Cardinal Spellman arrived in Tokyo today and his first concern was to seek out an Air Force pilot to tell him his wife and baby would not be able to keep their Christmas reunion.

The archbishop of New York, arriving on his fifth consecutive Christmas visit with American troops in Japan and Korea, got off the plane and asked for 1st Lt. Don D. Friesen, 25, of Salina, Kans. The fighter-interceptor pilot was expecting his wife, Suzanne, 24, and their eight-month-old son, Robert, on the same plane. Spellman found Friesen in the crowded airport lobby, holding a box containing an orchid corsage.

"YOUR WIFE AND CHILD will not be here," Spellman said. "They became sick in Alaska and it was decided that they not fly on to Japan. I helped her into an ambulance — I didn't have to carry her but I carried the baggage and she carried the baby."

Mrs. Friesen and the baby became ill on the flight from Seattle, Wash. to Anchorage. The exact nature of their illness was not known but Spellman reassured the obviously distraught Friesen that it was not serious.

"I hope you will not worry," Spellman told the tall, thin lieutenant. "You might have had to worry if she came all the way to Japan while sick. The hospital in Anchorage is just as good as our hospitals in New York. God bless you."

Friesen, who had not received an earlier message from Anchorage on his family, swallowed and said, "Thank you."

The riskshaw was invented by Jonathan Goble, an American missionary in Japan, between 1867 and 1871.

## Crippled Plane, 49 Aboard, Safe in Honolulu Port

HONOLULU — A crippled DC4 Slick Airways plane with 42 passengers and a crew of seven landed here safely today after reporting itself in trouble 400 miles from its destination.

The plane, flying from Travis Air Force Base, California, to Hawaii, sent a message saying "excessive fuel consumption" was forcing it to lose speed.

The four-engine transport, believed to be under military charter, bucked a driving rainstorm and headwinds that forced it to fly at a ground speed of 133 miles an hour during the last part of its journey.

An SB29 based at Hickam Field escorted the plane the last 150 miles. The Coast Guard sent the cutter Bering Strait in case the plane had to ditch.

The plane was originally scheduled to land at midnight. It arrived at 2:40 a.m.

Pilot Harry Munson of San Fernando, Calif., said he arrived with 275 gallons of fuel remaining, or enough for one and one-half hours flying time.

He said he radioed for an intercept because his main concern was with storm conditions and the possibility of even greater headwinds.

The plane was scheduled to take off later today with a new crew for Tokyo. The passengers included two women dependents and three babies. Two stewardesses were among the crew.

Most of the passengers were Air Force personnel.

rential rains and gale-force winds would abate. But the San Francisco area was still pounded by a terrific downpour, accompanied by rattling gusts of wind.

Flood threats mounted rapidly as the rain kept coming down. The Russian River in Northern California was expected to crest today and minor flooding was already reported.

## Northern California

### Facing Flood Threat

SAN FRANCISCO — Rain-swollen creeks and rivers began overflowing their banks today in the aftermath of a violent storm that whipped Northern California with gale force winds and torrential downpours.

The storm was blamed for at least one death. Ten persons were rescued from cars trapped by high waters in the Eel River valley. Residents living along the Russian River kept an anxious eye on the swollen stream, which was expected to crest at 31 feet today.

THE RIVER had reached 26 feet at Healdsburg, a town about 65 miles north of San Francisco, and had isolated the resort town of Guerneville.

James Lytle, chairman of the Sonoma County Board of Supervisors, proclaimed a local emergency in the Guerneville area. Civil Defense workers, Red Cross personnel and volunteers began moving families living close to the river.

All roads to the town were flooded or blocked by landslides. Creeks in the area were over their banks. The river was at 37-foot-flood-stage at nearby Monte Rio and still rising.

## Five Japanese Orphans to Have Christmas in America

TOYKO, —An airlines spokesman said today that five Japanese-American orphans between 4½ and eight years old will be able to spend Christmas with their new foster parents in the United States after all. Two others, both two, will have to wait however.

A spokesman for a commercial airline expressed concern yesterday that the children would not be able to make it "home for Christmas" because of regulations against minors traveling alone. He said then that the children would

not be accepted by domestic airlines in the United States unless accompanied.

But today, the spokesman said that arrangements were worked out with an airlines to take the children to their new American parents. "I don't know what was worked out, but they are going," he said.

Sachiko, 8, whose foster parents are Mr. and Mrs. Ben Stog, San Bernardino, Calif., and Tomoto, 7, adopted by Mr. and Mrs. W. Turner Rayne, La., will leave Friday.

## MOBILE HOME PARKS

By HERB RICHARDSON

There are seven nights before Christmas in over 3000 mobile homes of our desert resort area. Most of the Christmas cards have been sent by all of us and how large numbers of greeting cards are coming in from friends everywhere; gift packages are received with the familiar "Don't open til Christmas" seal on most of them.

Plans are afoot in all of the parks for recreation room decorations and the individual trailerist is already turning on the Christmas lights each evening on patios, windows, doorways, cabanas and awnings, with other decorations such as wreaths, pine cones and a thousand evidences of originality. Barbara and Jack Barnes of Beckley's have "dressed up" one of the tall butane tanks to make a fine Santa Claus figure, as an example.

All of these preparations have occupied only pauses in the usual activities of everyone, for there seem to be just as many dances, desert breakfasts, shuffleboard tournaments, coffee hours, card parties and so forth. Please tell me where or how there could possibly be more pleasurable living than we Mobile Home Residents enjoy for many months each year?

### RANCHO TRAILER PARK

On Wednesday night the management was host for the regular monthly meeting of Desert Unit No. 7 of California Trailer Park Association and other Park managers and owners of the Palm Springs area. Clinton Mitchell of Sahara Park and District Chairman of the Community Chest, addressed the group and was given a cordial welcome with promises of full cooperation in the forthcoming Community Chest Drive.

Final reports of the Trailer Rally Committee were heard and other business attended to by the 30 in attendance who represented most of the Trailer Parks of the area.

Paul Harrison, manager of Rancho, has announced that reservations for the Rancho Christmas Dinner are now being taken and expects the number will exceed the 200 diners reserved for Thanksgiving Day.

Shuffleboard practice and intra park tournaments are the big news and interest of many here at Rancho where one more win on the inter-park trophy would assure permanent possession.

### SAHARA PARK

Thursday night dancing is increasingly popular with Jim Bruner calling the square dances for twenty minutes alternately with the round dance orchestra of "Dixon Dandies." Norman Dixon, Sam Dunlap, Glenn Goff, June Hull and Eddie Davidson. Jim Bruner needs no introduction to most residents of the area, but we were surprised to have him tell us that one time in his life he gave up dancing for almost 20 years—and now it's his greatest interest. Jim also has encouragement and good advice for the fellows who don't quite dare to dance. "Get up and try," Jim says, "no one will see you, they are all having too much fun."

Just a word about Norm Dixon and his orchestra. They play the good old favorites as they were played in the good old days; Dark Town Strutters, Charmaine, When you were a tulip, etc. They've got everything but a theme song and Sam Dunlap's wife, Leda, is working on one. These boys and June Hull are really good and play because they like good round dance music, and that's the best reason in the world.

Co-owner Roy Smith is one of the most enthusiastic Shuffleboarders of the area and takes real pleasure in talking about the inter-park matches ahead or reminiscing about those of years gone by. Sahara won the inter-park Shuffleboard Tournament last year and will be striving mightily to get a second leg on that trophy.

### RAMON TRAILER PARK

Mrs. Grew and Mrs. Wyckoff were found setting the tables Friday morning for the Guys and Dolls' Coffee Club. They assert that it is a project of the club to decorate the Recreation Hall for Christmas.

Managers Hal and Jan Barnett advise that there are plans for a Christmas eve dance, Christmas Day dinner, gifts and party, and that on Wednesday before Christmas there will be held the Children's Christmas party.

Ramon residents are happy to learn that their friend of many years, Lee Hammer has returned from the hospital to his Los Angeles home and will soon be in the desert sun at Ramon. Further good news is the word that Peter Olson has returned from Desert Hospital and is reported doing nicely.

Ray Prescott from the Shuffleboard sidelines made the remark for ears at other Trailer Parks that two very outstanding players have been discovered during the Ramon qualifying tournaments, BUT no names will be announced

at this time. Ramon doesn't care how many legs there are on the big Shuffleboard trophy, just so long as they get one of them this year.

That Ramon Breakfast Club enjoyed another desert breakfast on Wednesday. Traveling to Salton Sea State Park, 23 desert adventurers enjoyed the cooking of Walter Holman, Earl Hoffman, "Brock" Brockway, Jules Schaezel, F. M. "Trink" Trinkle and Harry Day. The ladies took a hike around the park while breakfast was being prepared and Marion Lawrence suffered the misfortune and casualty of sinking into mud up to her knees. "Now if you had been cooking, Marion, that could not have happened."

### TRAMVIEW TRAILER PARK

The "Tramview Views" came out this week and much of the first page is devoted to Shuffleboard news. Seems that even seven boards are busy most of the time. Last Sunday 60 players turned out

for the mixed tourney which took four hours to play off. Winners were Hazel Winbiger and Chuck Houser. Twenty aspirants for the Tramview Shuffleboard team are going through their paces under the eyes of Co-captains Butch Fritcher and Al Camp. Bill Childs represented Tramview at the meeting of parks where arrangements were discussed concerning the coming Interpark Shuffleboard Tournament and was elected chairman.

We would like to echo the words of Bob Hollister who said "Congratulations, Bill, there couldn't be a better man for the job."

Bill Childs advises that first tournament games will be held on January 5, almost a month earlier than last year when two fewer teams competed. Seven Parks will enter teams in this year's tournament and there is a possibility of two more entries. Tramview also has two wins on the inter-park trophy and a win this year would mean permanent possession. Bill

Childs says "If we don't win, someone is really going to have to work hard to beat us." He explains further that just two extra good players can win a tournament for their park — if they also have luck. Well said, Bill.

### HORIZON TRAILER VILLAGE

"Mac" McKesson is now in charge of the Coffee Hours which are held five days each week. Volley Ball is one of the activities at Horizon which is so popular that playing often continues until too dark to see the ball.

The Shuffleboard players are practicing at Horizon, too. They are one of the seven teams already entered in the tournaments.

### Biggest Apple Pie Goes to Governors

BOSTON, (AP) — The world's biggest apple pie was unveiled here. The six New England governors sampled the prodigious pastry at the annual meeting of the New England council.

Ten feet wide and weighing 300 pounds, the pie contained 265 pounds of New England apples.

## EDITOR'S CORNER

by Oliver B. Jaynes

**TOURIST BUSINESS**—Over 4,000,000 tourists visited Southern California during the year ending September 1, says a report of the All-Year Club of Southern California. This is 8 times the number of Americans that visited Europe in the same period. It represents an increase of 3.3 per cent over the previous twelve-month period.

Tourist business is big business these days. There's lots of competition too — and millions of dollars are spent to lure people to vacations all over the world. They are pretty good spenders also. These four million visitors to sunny Southern California spent \$564,000,000 — exclusive of the cost of travelling here and back home. Lots of them visited the desert. There is no record of the number of tourists who visited the Palm Springs area in a year but estimates run from 350,000 to many more.

It should be interesting to business people here to learn how the tourist dollar is divided. Percentages would likely vary somewhat here but figures compiled by the All-Year Club of Southern California showed these:

Food and beverages	23%
Hotels and other rentals	19%
Clothing, Drugs and sundries	17%
Gasoline, oil, repairs, etc.	13%
Recreation	12%
Utilities	11%
Misc. services, incl. medical	5%

The advertising and publicity campaign for Southern California which the All-Year Club has been conducting for 34 years has achieved notable results as the above figures indicate. The distance so many people have to travel to get here makes it even more remarkable. Those 4,000,000 visitors last year journeyed a combined total of 19,213,000,000 miles to vacation in Southern California — an average of 4800 miles! This was one of the greatest peacetime pleasure treks in history.

The advertising and publicity budget for Palm Springs has included \$2500 to the All-Year Club for the past few years. It is done on the grounds that this resort area benefits tremendously from the All-Year Club's campaign. Many other Southland cities contribute to this comprehensive advertising and publicity campaign which has accomplished what it set out to do three decades ago — make Southern California an All-Year resort. The area is now considered to have four "tourist seasons."

It might be said that Palm Springs now has three "seasons," whereas it used to have but one — the Winter season. We now have a Fall season, Winter season and Springs season. We could even add a fourth (Summer season) with the greatly increased activity in the summer months.

**THE WORLD CALENDAR** — A saving of more than \$4,500,000,000 a year would be possible with adoption of the proposed "world calendar." It would be a 12-month calendar with equal quarters.

Each day of a given month would fall on the same day of the week each year. Consequently, since Christmas in the "world calendar" is on Monday, it would always be on Monday.

There would be no mid-week Christmas or New Year holidays costing taxpayers and merchants staggering labor losses because of the week-long celebrating. January, April, July and October, the first months of each quarter, would begin on Sunday and have 31 days. The other months would have 30 days.

The calendar would be stabilized by ending the year with a three hundred and sixty-fifth day which would follow December 30 and be called "Worldsday," a world holiday. Leap Year day would be added to June 30 every fourth year and would become another world holiday.

Savings from use of the "world calendar" would be not only in having most holidays at the weekend or at the beginning of the week, but business would not have to make adjustments every year to conform to a changing calendar with a varying numbers of Saturdays and Sundays.

**SANE AND QUIVERING**—Debunking the folklore of psychiatry, one Dr. Judd Marmur of Beverly Hills, announces if you happen to be that "blessed" optimist afflicted with no worries, brother, you are on the way to a madhouse. This doctor is a psychiatrist and is presumed to know. His profession, he explains, has never sought to eliminate worry, merely "make better worrying possible." It's only if we worry about unrealistic troubles, that we are ready for the couch and dream analysis.

The whole idea is brightly encouraging. There are more realistic worries nowadays than any civilization ever had to furrow its collective brow. What with atom bombs, hydrogen missiles, cobalt annihilators, social security, health, income taxes and juvenile delinquency, when did man have a more realistic maze of forebodings?

We may quiver and grouse, run high blood pressures and pant. We are a generation of monumental worriers. But it's immensely helpful to know we are sane in our desponds. If better worrying is possible, we'll do it. Or, and crack!

'Tis the week before Christmas and all through the town, Nary a merchant is wearing a frown. For Christmas bells jingle, cash registers, too 'Twill be the best season before we get through.

Well, what do you know! A reasonable facsimile of verse.

**YOU FIND** interesting items on every page of newspaper. For instance, this classified advertisement appeared Friday in the Coldwater, Michigan, "Advertiser": "An attractive girl who gets paid on Friday and is broke by Tuesday, wants to meet a man who gets paid on Tuesday and is broke by Friday." ... And this UP dispatch from Bremen, Germany, was also interesting. It quotes the Bremen Ladies Committee's protest against plans of city businessmen to establish an "amusement center" including brothels, for sailors: "Sailors are much more interested in cultural activities and congenial society," the women said. ... Times seem to have changed.

**THERE ARE MANY** motorists in town who hope that city council comes up with the right answer in their study of plans for traffic lights at the "Y" where Indian Avenue and Palm Canyon Drive come together. The savings in gasoline consumed while waiting for a chance to break into the traffic stream will be much more than the cost of the signals. ... With traffic lights at the "Y" and a wider bridge across Tahquitz creek — due next year — driving to the rapidly growing southern section of the Village and the even more rapidly growing communities to the east, will be a pleasure instead of a hazard.

**ON A RECENT** Chicago TV program, Physicologist Joyce Brothers, who won 64 Gs on the "64,000 Question" program, was suffering from a heavy cold while being interviewed. Her husband, Dr. Milton Brothers, was asked by the m.c. if he was doing anything to cure her cold. He replied: "There is nothing that can be done for a cold." Immediately after he finished, on came the commercial. It extolled the curative powers of a cold tablet. ... A new gadget is on the market for women who suspect they might be too scared to scream if approached on a dark street by a stranger. It is made by a New Jersey company, according to the UP. This company formerly only made fog horns and fire alarms. But they have turned their talents now to a purse-sized automatic shrieker. All a girl has to do to discourage an intruder is to press a little valve and the guard horn lets go with an ear-splitting screech 25 decibels louder than an approved fire alarm.

Still reading the public prints, I note where Charles V. Mathis says that "a gentleman is only a wolf with his ears pinned back." Hoping you are the same.

**AFTER-THOUGHT:** I don't mind Rudy the Red-Nosed or Santa is Coming to Town or that yearning for the two front teeth—but it somehow seems incongruous to me to hear Christmas hymns via wired music or juke boxes in a noisy lounge.

Rheumatoid Arthritis

Rheumatoid Arthritis, which is the greatest crippling among rheumatic diseases, has in the past several years had focused upon it a tremendous amount of research which should determine its cause and treatment.

It is not unlikely that within the next decade this disease, which at present is so grave that almost 60 percent of those affected are unable to carry on normal occupations, will be easily controlled.

It is today recognized by health authorities that arthritis is the greatest single cause of protracted illness. The victims of Rheumatoid Arthritis are usually affected during their most productive years. The disease is not limited to any age group, and may occur from infancy to old age.

**WOMEN ARE AFFECTED** three and a half times more frequently than men, but contrary to belief the disease does not favor young women. The possibility of developing Rheumatoid Arthritis increases progressively for men and single women with each five year age group, from 15 to 54 years. With the married women the risk increases up to the age of 35, and then remains stationary.

The cause and development of this condition have not as yet been completely solved. There have, however, been some important leads into possible causation. It has a tendency to occur in families five to six times as frequently as in the general population.

**THIS CONDITION** is not rheumatic fever, the latter which is due to a streptococcus, an infection arising frequently in the throat or tonsils, and producing secondary infections in the various joints. The individual with Rheumatoid Arthritis seems to have psychic upsets so that emotional disturbances, fear and fatigue are very important as causes. In addition, an altered metabolism, lack of vitamin substances, improper diet, injury and alterations in the secretion from the pituitary gland seem to be contributing factors, particularly these latter mentioned glandular imbalances.

It is also interesting to note that in this condition, changes in the heart valves, not unlike those which occur in the infective rheumatic fever, are sometimes found. In addition, deposits of Rheumatoid material starting as nodules, which are rounded, pea-sized elevations—found in the tendon sheaths or in the bone and nerve and muscle structures, are found in an inflamed condition at the onset of this disease.

**THE DISEASE IS** systemic in nature, that is, spread throughout the tissues of the body. There are a number of symptoms that seem to appear prior to its onset, such as fatigue or tiredness, loss of appetite, weight loss, abnormal sensation in the nerve endings, blood vessel instability, nervousness, sweating, muscle weakness, muscle twitching, muscle stiffness, and fleeting bone pains.

The onset is usually very slow, and only in one-fifth of the cases is there a severe onset accompanied by fever, weakness, loss of appetite and an increased heart rate. The joints most often involved are those of the fingers, wrists and the knees. More than one joint is involved, and usually the same joints on both sides of the body, evidence changes at the same time.

**RHEUMATOID JOINTS** often feel warmer than normal, but the skin is seldom reddened, in fact, the overlying skin is usually pale, and may have a waxy white or slightly bluish coloration. Tenderness in the joints is elicited by applying lateral pressure.

At first, the joint is limited in its motion due to pain, swelling, stiffness and muscle spasm. The affected joints are usually held in partial flexion, later destruction of the cartilage surface, and deformities make their appearance. These deformities are due to scar tissue formation, and contraction. This will be continued in our next column.

## It Happened Last Night

**NEW YORK** — Marion Marlowe, the pretty ex-Godfrey singer from St. Louis, was the loudest laughter at the new Versailles show when Larry Daniels did a routine about the strange way that women fix themselves up when they go to bed.

Speaking of the liquids they often drench themselves with, the comedian said "Did you ever sleep next to a swamp?" He claims his wife puts on so much grease he thought she was going to swim the channel, but that once she got ready to sleep, she couldn't — she was so slippery, she kept sliding out of bed.

Miss Marlowe's bridegroom of 6 months, Larry Puck, joined in the laughing and exclaimed, "How true!"

**IN A BURLESQUE** of Marilyn Monroe, Betty Bene gave an impression of a Hollywood actress who wanted to do a serious drama entitled "The Brothers Mazeltov." Pan Mail: "Dear Sir: What kind of a man are you? Aren't you ashamed to mention liquor and drinking and luxury buying in connection with Christmas? An apology to the people who really keep Christmas would be very timely. Think it over. —Mrs. Stanley Gabrielson, Star Prairie, Wis." (People planning office parties, please heed!)

It must be the Democrats who revived this one: they claim a top Republican asked GOP Chairman Leonard Hall about Veep Nixon's chances of getting the Presidential nomination and Hall answered, "We'll jump off that bridge when we get to it." Chuck Barnett figures next year will be known as Nineteen Fifty Six ... Pretty Judy Tyler of "Pipe Dream" (who was once told by her husband, Colin Romoff, the vocal coach, that she had the worst

voice in the world) predicted at the Shubert the other day that in 10 years she'll be singing "Car-men" at the Met. (And I'll bet she will) ... Dancer Neile Adams of the show has been offered the road company lead of "Damn Yankees."

## Washington Report

**WASHINGTON** — Two Republican leaders have made fateful decisions regarding the 1956 Presidential race.

Senate Republican Leader William Knowland has told President Eisenhower, personally, that if he does not make known his political plans by January 23 the Californian will consider himself free to announce his candidacy.

And White House Assistant Harold Stassen is set to throw his hat into the ring if the President decides not to run for another term.

Knowland frankly outlined his plans to the President at their meeting at Gettysburg two weeks ago.

The Senate GOP leader stressed that he sincerely hopes the President will be able to seek a second term, and will wholeheartedly support him if he does. But if he is not going to do that, Knowland feels this should be stated in ample time to enable others to try for the nomination.

"I am sure you would want a wide-open field for everyone if you decide to retire," said Knowland. "I know you will agree that would be in the best interest of the party and the country."

Throughout the meeting was friendly but formal.

**NOTE:** Senator Lyndon Johnson was the only one with whom the President shook hands, telling him, "Glad to see you back. You and I are members of the same club." To the other congressional leaders the President said, "I hope you will pardon my not shaking hands with you. I'd like to do that very much, but my doctors tell me not to."

**THE INSIDE STORY** — The details of Knowland's candid talk with the President were disclosed by Senator Styles Bridges (R, N.H.).

The chairman of the Senate Republican Policy Committee and the Californian are close friends. The latter related what had occurred

at Gettysburg, during a discussion with Bridges on the feasibility of running in the New Hampshire primary on March 13.

Bridges advised against that. In explaining his reasons to other Republican congressional leaders, following their conference with the President last week, Bridges gave them an account of Knowland's visit.

Bridges also revealed Stassen's plan to announce his candidacy if the President takes himself out of the 1956 picture.

"Do you consider that an indication the President won't run?" Bridges was asked.

"I have no authoritative word on that," the New Englander replied. "But it is my opinion that he will not be a candidate. I just don't see how he can under the circumstances."

Another GOP leader inquired

about the relations between the President and Knowland as a result of their Gettysburg talk. In reply, Bridges related the following incident at the White House conference that morning with the bi-partisan leaders of Congress: "The first to enter the meeting room," said Bridges, "were (House Leader and Former Speaker) Joe Martin, (Senate Democratic Leader) Lyndon Johnson, Knowland and myself. The President greeted us with, 'Hi, Joe,' 'Hi Lyndon,' 'Hi Styles,' and then merely nodded to Knowland. That was all; said nothing to him. It couldn't have been an oversight. It must have been intentional."

"In other words," remarked one of the group, "Ike was as cool towards Knowland as Sherman Adams is usually towards you."

## Try and Stop Me

By BENNETT CERF

**THE COLONEL**, inspecting the barracks of a newly drafted company, spotted a cigarette butt near one bunk and barked, "You, there, is this yours?" The new draftee, anxious to please, insisted, "Not at all, sir. Go ahead, sir: you saw it first."

A cloak-and-suit salesman was ordered out to the Kansas wheat belt on a special mission during a blistering heat wave. "Gee whiz, boss," he protested, "what's the idea of making me go there in weather like this? I looked at a map and there isn't a lake or stream within a hundred miles of a single town on the itinerary."

"In that case," counseled the boss sympathetically, "don't take a canoe with you."

Gene Fowler, decapitating a very reactionary politico, declared, "One thing you have to hand him: he's solidly behind the people — a hundred years behind."

## CHRISTMAS HAPPINESS MISSING FOR CAMPBELLS

Christmas is traditionally a time of happiness. One family though is going to have a vacancy in its heart — the family of Teresa Lynn Cobb.

Eight-year-old Terry, many readers will remember, died of injuries suffered in an automobile accident May 6.

Time heals many things, but not the loss of a child. This is evident by the following verse written by Mr. and Mrs. G. M. Campbell, grandparents of the little girl, who also were injured in the same traffic mishap.

### "WE MISS YOU TERRY"

Christmas will be so lonely, Terry,  
Since you've gone away.  
May God have mercy on our hearts,  
And help us through this day.

It will make us think of you dear,  
And how happy we used to be  
As we watched you skip and dance,  
And sing around your Christmas tree.

But a careless driver took your life,  
And hurt us all so bad.  
He broke our hearts, and arms and legs,  
And made us, Oh! so sad.

Now as the weary days go by,  
We pray to God above  
That some day we will see again  
Our little girl we loved.

You fought to live for seven hours  
Because you loved life so,  
But at last you gave up all you loved  
As you realized you must go.

You held your little dog, Terry,  
The night you went away.  
Oh! How much you loved him,  
And how you two did play.

But he was hurt with you dear,  
And had to leave us too.  
And ere the grass grew o'er your grave  
He'd gone to be with you.

Oh, Terry, you have gone away,  
And our hearts will ever yearn  
For our happy bright-eyed little girl,  
Who'll never more return.

## Savings Bond Sales Increase

Sales of United States Savings Bonds in Riverside county last month amounted to \$247,985, J. S. Bordwell, chairman of county bond activities reported today.

The November figure brought the total for the year to \$3,524,130, a gain of 27.7 percent over January-November sales of 1954.

Representing combined Series E and Series H purchases, the county 1955 total is the highest recorded in any eleven-month period since 1945. November 1955 H sales of \$79,500 brought the eleven-month total of \$961,500, as compared to \$609,000 of the corresponding period of a year ago, Bordwell stated.

Sun was sentenced to one year imprisonment.

(Desert Sun Photo) MELE ANGUIANO, who has just returned from an exploration trip into primitive Mexico, displays many articles which he brought back with him. He is holding a painting he made from sketches of petroglyphs he found in caves.

## Primitive Mexico Brought to Life by Mele Anguiano

By DON KLOTZBUECHER

Primitive Mexico, with all the beauties of undeveloped and non-commercialized mountainous country, retains evidence of civilization of now-forgotten tribes of Indians.

This was discovered by Mele Anguiano, who with two companions from the State of Washington started an expedition into the wilds of the country below the border, and then was forced to continue on by himself when one companion became ill and the other was forced to return home because of time limitation.

ANGUIANO, who is noted here for his work as an artist, brought back relics to prove his findings, and also drew sketches of petroglyphs which he discovered in long-forgotten caves, which he has now brought to life in paintings.

Included in the items are bowls and other things made of volcanic rocks, and samples of ores which will be analyzed for value. The petroglyphs which he copied are from eight to nine feet in height, and are of charcoal and plaster.

Anguiano, after his friends, Arnold Snell and Everett A. Syverson of Tacoma left, spent 21 days by himself exploring the heretofore unexplored Canyon La Barranca de Cobre and Barranca de Urique located in the provinces of Chihuahua, Sonora and Sinaloa.

HE MADE FRIENDS with many natives, and employed a guide. To secure a mule for carrying the equipment, he traded his rifle.

One group of natives he couldn't swing over to friendship—for he couldn't get close enough to talk to them. Whenever they saw his party appearing on the undeveloped trail, they disappeared. One time they weren't fast enough though, and his party met them face-to-face—for a few seconds before they left in a hurry.

Prior to leaving, they exchanged a few words of broken Spanish. Their dress was primitive. The Indians wore a band in their long hair, a jacket, breech cloth and

sandals, and one carried a stone axe.

AMONG THE SEMI-civilized tribes, he said, many persons still believed in the sun as a god, and called mules "dogs."

All had legends about the back country which he was exploring, and some of these were true, but many were not.

The taste which Anguiano had for exploring primitive Mexico has only been intensified from his brief visit and he plans to return in the near future.

First, he will have his findings authenticated by the Los Angeles Museum, and then submit articles to national magazines. He will keep in contact with friends acquired in Mexico, Thomas Laefer, owner, and Marino Osorio, manager of mines in that area, and Professor Jose Reforero Dolores of Tepeyac.

ON THE NEXT TRIP he will explore caves located on the sides of steep slopes which were inaccessible without proper equipment, and another canyon which natives told him about.

Two things are certain, he's going back, and he will return with more relics and information about the Mexico of centuries ago.

Martha's Vineyard is an island off the southeastern coast of Massachusetts and was named by Bartholomew Gosnold, an English sailor, in 1602.

## Bill Morrow Weds Model at Crosby's Thunderbird Home

Jimmy Van Heusen played "Here Comes the Bride" and Bing Crosby sang "I Love You Truly" when Bill Morrow, 48, writer-producer of the Crosby shows, was married Saturday evening to Mary Henderson, 28-year-old Hollywood model, at the Crosby home above Thunderbird. Judge Eugene Theriault performed the ceremony.

Christmas trees flanked the fireplace, and poinsettias and tapers added to the Christmas motif of the wedding.

June O'Neil was bridesmaid and George Rosenberg, talent agent, acted as best man, while Crosby himself, gave the bride away.

## Rugs Get Brand New Treatment

By ELIZABETH TOOMEY  
United Press Staff Correspondent  
NEW YORK. — People are arguing about your living room rug.

It should or it should not be tacked to the floor, wall to wall; it must or it must not be a background for other furnishings; you will or you won't like the idea of putting bright colors and distinct patterns underfoot.

Both sides of each argument have supporters in a carpet controversy which already has brought changes in rug designs and may bring many more.

American families are not satisfied with the selection of rugs they have had in the past decade, one leading carpet company executive warned a recent meeting of floor covering experts. He maintained we had been sold too many yards of monotone wall-to-wall carpeting, until floors had ceased to be focal points in decorating schemes.

What we needed, the executive said, were more high quality rugs in interesting colors, and designs made to accent a particular area of a room.

Another company has used famous paintings to inspire colors for its 1956 line.

"We selected 10 of the most

popular paintings from great art museums all over the world," an executive of the Fifth Carpet Co. explained. "Predominate colors from each painting were assembled in each different rug pattern. The effect is an all-over brush stroke design."

The Van Gogh painting "Landscape With Cypress Trees" inspired a "vigorous" rug pattern of cypress green and brown, and Millet's, "Angelus" was used as the color palette for a rug of gold, bronze and earth brown.

"The American taste has improved so much," the executive said, "that we feel all manufacturers must step up merchandise to equal the new levels of appreciation."

## New Year's Gala at the Ranch Club

There will be a gala New Year's Eve party at the Palm Springs Ranch Club, with fun, favors and prizes.

## FRUIT CAKE FRESHENER

NEW YORK. — If the holiday pudding or fruit cake becomes a little dry, sprinkle it with fruit juice and heat in a double boiler. Serve with molasses whipped cream, made by combining 1 tablespoon of mild, light molasses and ½ teaspoon of vanilla extract to each ½ cup heavy cream, whipped.

Protect the tufts on candlewick bedspreads by placing them in a large sack or pillow case when laundering in the washing machine.

Highly salted foods, if left standing for long in aluminum pots and pans, can cause the insides to pit and can make the pans difficult to clean.

A heavy coating of wax around door jambs most frequently used by youngsters will help keep them clean.

## Jaycees Plan Pink Party for New Year's Eve

Pink elephants will decorate the Polo Clubhouse and pink champagne will toast the New Year, when the Junior Chamber of Commerce hold their New Year's Eve party.

Glittering invitations, shaped like champagne glasses, went out today to all members. They were on blue paper and read "Don't be blue on New Year's Eve, Celebrate with the Jaycee."

A buffet will be served after midnight and it is being catered, with the committee serving. Committee members are Mrs. William Bronstein and Dixie Bren, co-chairmen, Barbara Mutascio, Barbara Morrison, Chris Ranes, Dede Klemis and Eleanor Haddock.

Cooking experts at Colorado and-M College say that broiled meats should be seasoned after browning. Salting before cooking brings moisture to the surface of the meat cut and actually delays browning.

A RE-CHRISTMAS bride was Shirley Ann Denney, daughter of the Russell Edward Denneys, who was married in Pasadena Saturday evening to John Marvin Jett.

## Miss Denney Married in Pasadena

In an evening wedding in Pasadena Saturday, Shirley Ann Denney, daughter of Mr. and Mrs. Russell Edward Denney, became the bride of John Marvin Jett, son of Mrs. Opal Jett.

Rev. Donald H. Ostrander officiated at the ceremony which was in the Trinity Presbyterian Church with around 250 guests in attendance. White satin bows marked the pews; and white gladioli and tapers in candelabra were used at the altar.

The bride, who was given in marriage by her father, wore a wedding gown of white chantilly lace over white satin, with a train. A pearl tiara held up her fingertip veil.

The bridesmaids for the pre-Christmas wedding, wore green velvet gowns, with matching hats and carried yellow roses. They were Mrs. Dennis Harter, sister of the groom, Mrs. L. Norman Rittgers Jr. of Pasadena, and Mrs. Jack Henry of Redlands. The bride's sister, Mrs. Herbert Tice of Covina was matron of honor. Her gown was also of green velvet, but her hat matched the tall-man roses she carried.

Dennis Harter, brother-in-law of the groom, was best man and ushers were Roger K. Denney of Port Hueneme, brother of the bride, Richard L. Barker of Arcadia, and L. Norman Rittgers Jr. of Pasadena.

The wedding reception was held in the church following the ceremony.

The bride is a graduate of Palm Springs high school and attended the University of Redlands, where she was an Alpha Theta Phi. The bridegroom is a graduate of Pasadena City College and will attend the University of Southern California in February.

## Impromptu Entertainment for Sunday Brunch Crowd

Glasses tinkled to the rhythm of "Jingle Bells" as Cowboy Singer Tex Kidwell had the Sunday brunch crowd singing Christmas songs in El Mirador's Kiva Room.

It was an overflow crowd, with many tables set up in the sunny patio.

There is always impromptu entertainment at this Sunday brunch and this time E. Roy Fitzgerald and his daughter Geraldine did an Irish jig with true Irish fervor. Frank Bogert chose to sing "Blood on the Saddle" as his contribution, and Homer Hilton gave forth with "Shine On, Harvest Moon." Mrs. Bill Perlberg and Mrs. Henry Bussey, two thirds of the Brox Sisters, were persuaded to sing.

Anita Haskell Jones and Jeanette Lippincott (she came here from San Francisco and has a house in Summit) came in riding clothes and had their horses in the hotel parking lot.

Janet Essroger is out from Chicago for the holidays and was being greeted by her many friends.

Viva Selig had the Howard Morris and the Bud Morris with her. Jack and Enor French, who will dash north to spend Christmas Eve with their family, had with them, Mr. and Mrs. Robert Ross and Mrs. Louise Stanton of Woodside, and Mrs. Doris Plummer of San Francisco.

The Robert Bonesteels who are at El Mirador this winter with

their son Donald, are expecting their other two sons Pete and Jeremy, both students in the University of Oklahoma, to arrive for the holidays.

Elsinore Machris Gilliland was brunching with her attorney Bill Murphy and Mrs. Murphy, and the Lawrence Davidsons. Mrs. Austin McManus was with a party, which included the Homer Hiltons, the Blake Fields and Joan McManus, who was introduced as El Mirador's new social director.

Betty Hough and Pat Fitzgerald arrived in Oriental dress and tea time. Betty goes to Tulsa for Christmas with her family.

Among others in the merry morning crowd were noted Trav Rogers, the Frank Ryans, Marguerite Clatworthy, Martha James, Dorothy Salinger, Lucille Bobair.

There will be no brunch on Christmas Day, but there will be on New Year's Day.

## Emblem Club's Christmas Party

The first Annual Christmas party for the Palm Springs Emblem Club will be held in the Wars Memorial building tomorrow evening at 8 p.m. Everyone is asked to bring a toy and canned goods to be donated to the Welfare and Friendly Aid Society for Christmas distribution.

At the last business meeting, Mrs. Evelyn Herriman of Desert Hot Springs, and Mrs. Opal Fitz of Whittier, were welcomed into the Club as Charter members.

## Bob Howard Jr. Birthday Host

Bob Howard, Jr., home for the holidays from Loyola high school in Los Angeles, celebrated his 15th birthday Saturday by giving a dinner for a few friends.

Bob's guests were Judy and Bill Talbot, Bruce Waller, Gene, Dennis and Carol Theriault, and Leeann Howard.

After dinner the group attended a downtown movie.

Mr. and Mrs. Leo Hirsch of the Caliente Cottages leave here Friday on a flying trip through Mexico, to be gone through the holidays. They go first to Mexico City and from there will make a general tour of the country, returning to Palm Springs late in February.

Mr. and Mrs. Charles Sneed of Los Angeles (he is supervisor of the U.S. Rubber Company) are here for a three-month stay at Caliente Cottages. They came here for his health and declare that in the short time they have been here, he is feeling greatly improved.

## Arrive Early for Convention

Mr. and Mrs. Nat Franklin and Mrs. Crystal Johnson of Atlanta, Georgia, are Palm Springs visitors for the holiday season. The Franklins have arrived early to take a look around Palm Springs before the Super-Market convention in January at the El Mirador where they have reservations. However, after a few days looking around the Franklins decided to stay a month and have taken a housekeeping apartment at the Las Flores.

# 14 Believed Dead in Two Air Crashes

Navy Starts Probe Into Separate Florida Accidents

PANAMA CITY, Fla. (AP)—The Air Force began an intense investigation today into a pair of separate air collisions between two B-47's and another involving a B-29 and an F-86, which left all 14 airmen aboard the aircraft dead or missing.

Eight of the known dead were the crewmembers aboard the two big jet B-47 bombers, which crashed in the air with a thunderous explosion near Tampa, spraying fiery bits of wreckage over a wide area.

Three other airmen were known dead and three others were listed as missing in the air collision of a propeller-driven B-29 and an F-86 all-weather jet interceptor about 14 miles east of Tyndall Air Force Base in the vicinity of Mexico Beach just outside Port St. Joe.

ONE OF THE B-47's was from MacDill Air Force Base, Tampa, and the other was from Pinecastle AFB, Orlando. Each carried four airmen.

Lt. Robert E. Johnson, public information officer at MacDill, said a preliminary investigation indicated that the jet bomber from MacDill had landing gear trouble.

He said the Pinecastle plane apparently flew underneath the other bomber to check its landing gear and "must have hit a downdraft and collided."

THEY SLAMMED into each other over a wooded area between a factory and a railroad yard, but there were no ground casualties.

The propeller-driven B-29 and the F-86 jet were believed to have collided in the air while the fighter was making a gunnery run on a target towed by the World War II "tarp-bomber" only a few hours after the B-47's collided.

The B-29's nose landed on U. S. Highway 98 close to a tourist court where some 50 people were playing but none of the tourists were hurt. The falling debris missed by only 20 yards a man and his family in a car on the highway.

Witnesses said the F-86 crashed inland about a mile from the Gulf of Mexico but Air Force helicopters and search planes were not able to locate the wreckage of the smaller craft immediately.

The bodies of three of the B-29's crew were recovered and identified and two others of the crew and the F-86 pilot were listed as missing.

## Japanese Put Height Minimum on Teachers

TOKYO (AP)—A spokesman for the Tokyo metropolitan school board today defended against newspaper criticism its policy of barring the hiring of women teachers who are less than five feet tall.

"There are many difficulties involving teachers less than five feet in height," the spokesman said. "In outdoor activities it is difficult to locate her, and in the classrooms she will not be able to reach the top of the blackboard."

## Christmas Loan Plans Stepped Up by Westinghouse

PITTSBURGH (AP)—Westinghouse Electric Corp., rejecting proposals by two governors to submit strike issues to arbitration, stepped up its gigantic Christmas loan operations today.

First day distribution of \$100 interest-free loans to striking or furloughed workers neared the quarter million dollar mark Monday. Company paymasters anticipated a rushing loan business when disbursements began today at the huge East Pittsburgh plant and at Fairmont, W. Va.

Of a total of 13,000 employed at East Pittsburgh, 10,000 are eligible for loans to tide them over the holiday season. The potential one million dollar loan at East Pittsburgh is one seventh of the 7-million dollar total the company is prepared to disburse to 55,000 striking employees.

Workers crossed their own picket lines in five states Monday when the "big payoff" began.

The International Union of Electrical Workers, which represents 44,000 members out at 30 plants, quickly approved pleas by Pennsylvania Gov. George M. Leader and New York Gov. Averell Harriman to submit the strike to arbitration.

But Westinghouse President and Chairman Gwilym A. Price fired off telegrams to the governors rejecting the proposal.

Price said he did not wish the company to "abdicate its responsibility" by accepting the proposal.

## Deadline Date for Registering is December 22

Palm Springs residents were reminded today that they only have until Thursday, December 22, to register to be eligible to vote in the proposed bond election scheduled for the middle of February.

Earlier this month, there were 3,416 registered voters, and this number is expected to be substantially increased by the deadline date.

The bond election, when finalized is expected to provide for projects costing in excess of three million dollars.

## Civic Chorus Presentation of 'Messiah' is Gratifying

By EVERETT BALL

The awe-inspiring choral writing of Handel in his Oratorio "The Messiah" once again provided those who attended the Sunday Civic Chorus annual performance many moments of extreme pleasure.

The full Oratorio was reduced to manageable size and performed with vigor and feeling, although the lack of a tenor soloist was felt — both in arias missed and in general decisiveness of the tenor section. Otherwise the performance under Harry Tomlinson's direction was smooth and gratifying.

THE FIRST CHORUS, which begins with the phrase "The glory of the Lord shall be revealed" — established the nature of the work — and the narrative following told of the coming of Christ, leading up to the beautiful choral passage: "Unto us a child is born."

This was first stated appropriately by the sopranos, then picked up by tenors and then taken over by full chorus and carried through in Handel's richly ornamented style — to an exciting climax.

The skillful organ accompaniment by Christine Tomlinson helped give the performance polish and depth, as did Alex Hammond's full-voiced bass-baritone in several prolonged arias which — with their florid passages — gave proof of Hammond's flexibility and seemingly limitless reservoir of breath.

A HIGH POINT of "The Messiah" was the contralto aria "He Shall Feed His Flock," sung with deep feeling by Reba Mason.

Mary Raphael gave the thrilling recitative telling of shepherds abiding in the field and the angel appearing to them:

## Boys Club Party to be Thursday

## Beware of Friendly Wild Animals — Rabies

CHICAGO (AP)—Should you find a wild animal that seems friendly, stay away. It may be infected with rabies.

The American Veterinary Medical Association offered this advice to hunters, farmers or just strollers-in-the-woods. It said that rabies among wild animals is more prevalent than scientists used to think.

"Normal, healthy wild animals are usually shy and always try to avoid humans," the AVMA said. "But rabid animals are aggressive, and this trait often takes the form of apparent friendliness."

The warning goes for foxes, squirrels, skunks and other denizens of the woods.

## Strebe Accepts Lesser Charge

George Strebe yesterday entered a plea of guilty to a misdemeanor conspiracy charge in Superior court in San Bernardino.

The charge originally either was a felony or misdemeanor count, to which Strebe had entered a not guilty plea.

Sentencing was set by Judge A. D. Mitchell for January 12, with a report by the probation department to have been received by the court prior to that time.

## Rita Hayworth Returns to U.S. Minus Children

NEW YORK (AP)—Actress Rita Hayworth arrived aboard the liner Ile de France today for "some business affairs" and a Christmas in California without her two children, who remained in France with her former husband Aly Khan.

Miss Hayworth said she would be in California on December 27 for "the court case" in her breach of contract fight with Columbia Pictures. The actress will fly to the coast earlier, however, to spend Christmas after visiting "a couple of days" with friends here, she said.

Miss Hayworth denied a "ridiculous" report that she was traveling with Egyptian film producer Raymond Hakim.

She acknowledged knowing him but said: "Mr. Hakim is not abroad."

Miss Hayworth's daughters, Yasmine, born of her marriage to Aly Khan, and Rebecca of an earlier marriage to Orsen Welles, remained with Prince Aly at Cannes. She said they would go with him later to Nejev in the French Alps and she will join them there in January as soon as her legal problems are over.

Miss Hayworth was divorced from her most recent husband, singer Dick Haymes, while she visited in France.

## Yugoslavia Wins UN Council Seat

UNITED NATIONS, N. Y. (AP)—The U.N. General Assembly today elected Yugoslavia to the Security Council, ending a long deadlock over the disputed seat.

Election of Yugoslavia came on the 36th of a series of ballots that began last Oct. 14 and consumed seven meetings of the Assembly. Yugoslavia received 43 votes, 5 more than the required two-thirds majority. The Philippines received 11 votes, Finland 1, Sweden 1.

There was dead silence in the huge meeting hall when Assembly President Jose Maza of Chile announced the result. Usually, such announcements are greeted with applause.

The 36th ballot marked the conclusion of a deal unprecedented in U.N. history.

Last Friday night, Maza drew lots to decide whether Yugoslavia or the Philippines should withdraw from the race for the council seat. The Philippines lost.

But, with strong backing from the United States and Britain, an agreement was made that Yugoslavia would serve only the first half of the two-year term prescribed by the U.N. charter. At the end of 12 months, Yugoslavia is to resign and the Philippines is slated to be elected to the "unexpired" term.

Wisconsin ranked first in the production of 15 dairy products in 1954, from raw milk to Swiss cheese. It was second and third in two other products but 10th in ice cream manufacturing.

# TODAY'S SPORT PARADE

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U. S. Pat. Off.

NEW YORK (U.P.)—The South is booming in basketball and you can take it from Frank McGuire, the Yankee coach at North Carolina, in that state alone it has produced a great variety of "Tarheels."

The personable McGuire is one of the reasons why, in Carolina at least, the War between the States finally is a dead issue. Now when the governors of North and South Carolina get together they clink glasses to the No. 10, huh.

Northern basketball players, that is:

"We at North Carolina are known as the 'Flatbush Tarheels,'" McGuire grins as he contemplates the influx of Northern players to Southern colleges. "Duke is known as the 'Pennsylvania Tarheels,'" and North Carolina State as the 'All-American Tarheels.'"

THE REASON, if you run down their rosters, is fairly obvious. North Carolina is represented on the court by six New York City boys — and a total of nine players from the New York area.

"We're going to expand next year and take in Staten Island, too," McGuire laughs.

Duke, the "Pennsylvania Tarheels," has five fine players from the Keystone State as well as two from New Jersey and one from New York. North Carolina State has four players from New Jersey, three each from Indiana and Pennsylvania and one each from Ohio, Colorado and New York State, incidentally, doesn't have a single Carolinian on its squad.

THESE CARPET — Bagging collegians are paying off in spades, too. North Carolina State currently is ranked third in the nation by the United Press Board of Coaches while McGuire's team has moved all the way to eighth place in the nation.

It's the same story wherever you go in the South. While the high schools gradually are building to a point where Southern boys in the future will be able to give Southern colleges more home grown talent, most of those colleges now are taking up the slack with Northerners to make them competitive.

In the pre-war era, Kentucky ruled the Southern — and the national roost. North Carolina State moved into contention after the war, mostly with Indiana-bred talent. Now they're all in the player market while waiting for "Southern high school basketball to catch fire and provide the polished players of the future."

CLEMSON HAS THREE New Jersey boys; Maryland three from New Jersey, two from Pennsylvania and one from New York; Furman two Pennsylvanians, and so on.

"When we played Alabama recently I asked Johnny Dee why he was playing three New York schools in a row," McGuire quipped.

The schools were: St. John's of New York, Holy Cross with eight men from the N. Y. met area—and North Carolina.

"The alumni has adopted our guys," McGuire relates happily. "And after all, Lennie Rosenbluth, one of our best men, is from Greenville, Tenn."

His family, incidentally, having recently moved from Brooklyn!

## SFU Tops Poll by Wide Margin

NEW YORK (U.P.)—San Francisco's demon Dons, defying college basketball's traditional away-from-home "jinx" to run their winning streak to 31 games, again were the overwhelming choice of the United Press Board of Coaches today as the nation's No. 1 team.

Utah and North Carolina State maintained their No. 2 and 3 ratings, respectively, while North Carolina and Marquette were this week's newcomers among the top 10 teams.

The West Coast Dons were the No. 1 choice of 33 of the 35 outstanding coaches who comprise the United Press rating board. San Francisco's total of 346 out of a possible 350 points has been topped only once since the United Press ratings were initiated in 1950.

The United Press college basketball ratings with first-place votes and won-loss records through Dec. 17 in parentheses:

Team	Points
1. San Francisco (33) (5-0)...	346
2. Utah (2) (5-0)...	278
3. North Carolina State (7-0)...	255
4. Dayton (6-0)...	156
5. Brigham Young (6-0)...	148

7. Holy Cross (5-0)...	98
8. North Carolina (5-0)...	88
9. Kentucky (4-1)...	77
10. Marquette (5-1)...	60

Second 10 teams—11. George Washington, 46; 12. Southern Methodist, 41; 13. St. Louis and Illinois, 21 each; 14. Louisville, 20; 15. Temple, Duquesne and Ohio State, 19; Vanderbilt, 16; 20. Indiana, 14.

### Mueller Signs Up

NEW YORK (U.P.)—The New York Giants announced today that out-fighter Don Mueller has signed his contract for the 1956 season. Mueller, who reportedly signed for \$20,000, batted .300 last season.

## Taylor Wins Fifth Local Golf Crown

Pomona Dentist  
15 Strokes Ahead  
at Thunderbird

California Amateur Champion Dr. Bud Taylor, returned with his wife, Shirley, to his home in Cucamonga yesterday after winning his second Thunderbird Invitational Tournament in two years.

He took a new set of honors with him this time. He broke the 18 hole course record with a nine-under-par 62, shot Friday, and a low tournament record for 54 holes, 200.

The 18-hole record had been 63, set during competition last year by Gene Littler. The previous invitational record had been 203, which Dr. Taylor set during the fourth invitational record in February, 1954.

THE RED HILLS Country Club golfer, a dentist with a practice in Pomona, added rounds of 68 and 70 to his first day record score to win the sixth annual event Sunday evening.

Sunday's win was Dr. Taylor's fifth Palm Springs victory. He had won three tournaments at O'Donnell Golf Club and the fourth Thunderbird invitational.

Three handicap golfers, Jack Tooke, handicap 3, George McCallister, 2, and Gene Andrews, 2, followed Dr. Taylor in a tie for second place with gross scores of 215.

Tooke, after the subtraction of his handicap was second to Dr. Taylor's 200 with his net 203.

FOLLOWING THE three-way gross tie for second was scratch golfer Johnny Dawson, president-elect of Thunderbird, who formerly held the club's one round record with 65.

Incidental highlights of the three-day tournament included a hole-in-one and a Saturday night traffic accident involving one of the scratch handicap contestants which kept him from completing.

Pat Bales, a seven handicap player, used a two iron on the 215 yard sixth hole to drop the ball in the cup without its touching the green.

FLETCHER JONES, a Los Angeles new-car dealer and scratch handicap golfer, was involved in a collision between Cathedral City and Palm Springs Saturday evening in which a Cathedral City man lost control of his car and swung into the lane Jones and his wife were driving in. The man, Christopher Columbus Brinson, died as a result, and Jones and his wife were released after medical treatment at Desert Hospital. Jones shot par the first day and one over the second for a 71-72-143.

The win for Dr. Taylor has once again instigated pressure by his friends who would like to see him enter national amateur tournaments. So far, he has felt his practice would not let him take the time to follow the national and international circuit.

AS LONG AGO as 1952, when he won the Palm Springs Men's Invitational at O'Donnell (he also won that tournament in 1936 and 1955)—golfers in the know have said that the dentist would be the mainstay of a United States amateur team competing against foreign countries, as in the Walker Cup competition with Canada.

Friday, Dr. Taylor told the Desert Sun he thought he would be able to move to Palm Springs in the near future and follow the dictates of friends. He said it would depend on making arrangements concerning his practice and his home.

HE IS EXPECTED to defend his title at O'Donnell in March, and that may be the time for taking the step, for it will prove conclusively his consistency as a champion. The Sixth Annual Thunderbird Tournament win, by 15 strokes over his closest competitors, has done that already in the eyes of his fans.

Scores for the 54-hole match, gross and net, are as follows:

GROSS	NET
Dr. Bud Taylor.....	62-68-70-200
Jack Tooke.....	73-74-68-215
George McCallister.....	73-69-73-215

### Ameche Rated Best Rookie in UP Poll

NEW YORK (U.P.)—Alan Ameche, former Wisconsin All-America full-back whom some coaches and scouts rated "too slow" for National Football League play, today was named the pro circuit's Rookie of the Year in the annual United Press poll.

SIGNS OF WEARINESS mark Dr. Bud Taylor's victory smile as he signs his score card testifying to a nine-under-par 62 at Thunderbird Country Club after the first 18 holes of the 54 hole tournament. His score set a new course record for a low while in competition, which was previously set by Thunderbird's Gene Littler with a 63.

## Bates Winner in Sports Car Club Program

Miles Bates of Palm Desert, driving his number two Mercedes-Benz 300 SL purchased from Earle Grace at Nick Pastors, took the crown as best driver of the day when the Palm Springs Sport Car Club held a 39-mile-long Poker Rally Sunday afternoon.

The winning navigator, not of necessity Bates' navigator, will be identified later today, after conclusive results are worked out on an elimination basis.

According to Del Davitt, the club's president, 20 cars turned out for the rally, which merges the features of a reliability run and a hare-and-hound. One of the cars, a Thunderbird from Wisconsin, joined the rally as a guest. Davitt said, and the 19 others were members of the local club.

The rally started at the Playhouse, near Sunrise Way and Ramon Road, toured the outskirts of Palm Springs into Cathedral City, and wound up at Howard Manor, regular meeting place for the club. Each navigator received an envelope at starting line which led him to the first of five red cans containing envelopes with cards in them. The winning poker hand, Miles Bates in this case, took best driver award.

### Pierce and Score Top AL Pitchers

CHICAGO (U.P.)—Billy Pierce compiled the lowest earned run average in the major leagues since 1946 and Herb Score set an all-time strike-out record for rookies this year to highlight an otherwise drab campaign for American League pitchers.

The 1955 season was the first in the history of the circuit which did not produce a single 20-game winner.

### Strader Fired

SAN FRANCISCO (U.P.)—The San Francisco Forty Niners started looking for their third coach in three years today after President Tony Morabito fired Norman "Red" Strader.

## Phoenix Poloists Capture SMC Weekend Tourney

Phoenix Polo Club went home Sunday night after overcoming opposition put up by Shadow Mountain Polo Club, San Francisco Polo Club, and the West Coast champions, San Bernardino Polo Club at Shadow Mountain Stables' polo field.

A two day schedule of round robin play started Saturday and saw the Arizona team defeat San Francisco and Shadow Mountain to take the day's play with an 8-4 net score.

Sunday, the out of state visitors played San Bernardino and Shadow Mountain, and won by one net goal at the completion of the day's play.

The Sunday round robin started with Phoenix' win over San Bernardino, marking the first defeat suffered by the nine-goal Pacific Coast champions, 5-3.

Phoenix then played Shadow Mountain, winning 3-2. The two losers met for a second-place play-off, and San Bernardino set Shadow Mountain down, 4-2, giving the Arizona threesome an 8-4 over-all victory.

Saturday started with a Phoenix win over San Francisco, 6-4. They then played Shadow Mountain, Phoenix winning, 6-0, and the losers played off for second place, Shadow Mountain coming back from their shut-out by beating San Francisco, 6-1. Thus Phoenix finished the first day's play in the lead with their net goal.

The local team is comprised of Ted Pierce, Lisle Nixon, and Lloyd

## Nashua Assigned Top 'Cap Weight

ARCADIA (U.P.)—Nashua received a champion's compliment today as he was assigned 130 pounds for the 1956 running of the \$100,000 guaranteed Santa Anita Handicap.

Racing Secretary Frank E. Jimmire Kilroe used Nashua as his yardstick in assigning weights for the mile-and-a-quarter classic that highlights the Santa Anita meeting, although it was uncertain if the great thoroughbred would run.

Nashua's great rival and the horse that beat him in the Kentucky Derby, Swaps, was assigned one pound less and at 129 pounds will carry high weight if Nashua stays in Florida for the Winter.

Kilroe saw the Santa Anita Handicap as a race between Swaps and Nashua, should both go. He assigned third high weight of 124 pounds to Social Outcast.

Horses carrying 130 pounds have won the Santa Anita Handicap three times, the last in 1953 by Calumet Farm's Mark-Ye-Well. Thumbs Up won with the weight in 1945 and Seabiscuit in 1940.

# Thousands Visit Shrine at Desert Christ Park

(Photos by Carlette of Morongo Valley)  
A SCENE OF THE FIRST completed group in the Desert Christ Park, top photo, is the chapel and scene known as the "Sermon on the Mount." Tourists travel from all over the nation to visit the

fabulous park. The first figure in the park, lower left, is called "The Unwanted Christ" and stands 9½ feet tall. The second largest single group, lower center, is the huge figure of the Desert Christ in the portrayal of "The Sermon on the Mount." The

designer and sculptor, lower right, is Antone Martin, whose years of work on the Desert Christ Park is rewarded by the thousands of visitors who come to see his work. It is estimated that it will take better than five years to complete the project.

By CARLETTE WOLF

On the northern slope of the foothills bordering the village of Yucca Valley, glistening white figures catch the eye as the traveler approaches The Desert Christ Park. Nestled snugly among the Joshua Trees at the entrance to the park, you will find the trailer home of Antone Martin, artist, designer and sculptor of these oversize figures of man made stone.

These several groups of figures depict well known scenes from the life of Christ with the largest and perhaps best known, The Sermon on the Mount group.

The first figure to be placed on the hill was the huge 9½-foot figure known as "Unwanted Christ," which three years ago was accepted by the Rev. Edward Garver and placed on his five acre government tract. At this time Antone Martin retired from his air-

## THOUSAND PALMS

By IZETTA HUNT

Mr. and Mrs. Ira Fites of Salem, Oregon have arrived to spend the winter here. They are living on Verba Santa Street.

Mrs. Robert Ellsworth and Mrs. Robert Keedy will be co-hostesses for an Ezgnog Bridge evening, Tuesday, December 20. This Tuesday evening the bridge group will include their husbands this one time.

craft job in Inglewood and came to the desert to live and continue with the park project that has been so much enjoyed by the public.

MARTIN WAS BORN in Ohio and reared in the East where he studied and worked in the science of paleontology. In the museums where he worked the scientific accuracy required in the art of restoration of prehistoric animals developed a thoughtful attitude towards the history of the world and mankind. Meeting and talking to scientists, archeologists, and people interested in these related subjects awakened a desire to do something to benefit mankind and thus, Martin conceived the big idea.

During World War II, through the 1940's, Martin became convinced that the biggest need in the world was World Peace. And, as this nation was founded on the idea of Freedom of Worship and is known over the world as a Christian nation, the best contribution he could make to the people of this world would be a reminder of that Great Teacher who taught men that Love is better than Hate.

THUS THE FIGURE of Christ came into being and the problem of finding a place for it was much publicized; the result was that Yucca Valley, through the Rev. Garver's generosity, became the home for the statue that is now known as The Desert Christ.

Many people became interested in this little park and in the last three years, Martin has added four more groups of figures. The second and largest group is "The Sermon

on the Mount," the third setting, "The Woman at the Well," the fourth, "Suffer the little Children to come unto Me," and the fifth group, "The Garden of Gethsemane," and now, as his final and largest effort, "The Last Supper" is to be sculptured in bas-relief.

IT WILL TAKE perhaps five more years to finish this and many thousands of dollars.

The little Chapel is the only modernistic scene on the hill site. Built of native stone, it blends into the desert theme color and does not clash with the many gleaming white figures in the park. Services are held here on Sunday and many

young couples choose this little house of worship for their wedding.

So, at this time of the year, when people of the Christian world give more thought to the old but ever new words, "Peace on Earth, Good Will Unto Men," let us remember that Love is better than Hate and with the symbols of these thoughts, universal in scope, so readily in view at the Desert Christ Park in Yucca Valley, if possible make a visit to this beautiful desert hillside and view the fruition of one man's dream, an ideal given form that will show that in Mankind, there must be a union of the Material, Scientific and Spiritual qualities.
